

# SET TECH FESTIVAL 2022

20 September 2022 | Physical event

Start Up Energy Transition (SET) is a leading global innovation platform supporting energy transition. SET is powered by the German Energy Agency (dena) in cooperation with the World Energy Council and supported by the German Federal Ministry for Economic Affairs and Climate Action. At its core, the SET platform is built on three pillars:

SET Award

SET Tech Festival

SET Newsroom

The SET Tech Festival is an annual event that not only brings together a global network of innovators but also gives participants access to the most innovative start-ups in the field of energy solutions and connect them with innovation-driven corporates, investors, and public organizations looking to foster the energy transition.
